*The reduction in 911 calls is attributed to increased cell phone usage and an issue with the CAD system when transferring the call from one system to another.

**January 2010: dispatch changes to the incident file have caused the reduction in Officer Initiated Activity. Administrative call types have been eliminated from generating an incident. Administrative type calls made up 5-12% of the officer initiated activity. Administrative calls have been removed from the 5 years of officer initiated calls.
